What is this type of insurance?

This product is a mileage-based telematics car insurance policy with comprehensive cover. You purchase a set number of Policy Miles (detailed on the Policy Schedule). A telematics black box will be installed in your car which will record information about how the car is being driven. This allows us to measure your mileage and find out how safely you drive. If you demonstrate that you're a safe driver we'll reward you with monthly Reward Points (up to 100 per month), which you can exchange for additional miles. If you need more miles, you can buy Top Up Miles. You'll get access to your own online portal so you can log in and check how you're driving. You can also access a free 24/7 personal legal and tax advice helpline and a free 24/7 counselling helpline.
